COLBERT Reaction and its Applications

Speaker: Ilya Gorodisher, 3M Company

Ilya Gorodisher obtained his B.S. ('85), M.S.('86) and Ph.D. ('90) in Polymers from the Department of Materials Science and Engineering @ MIT. In the late '80s while completing his doctorate he worked at the Arizona Materials Lab at the DMSE of the University of Arizona. Since 1990 he has been working at 3M Company, first at the Corporate Materials Research Laboratory, then in the International Technical Operations, organizing and managing collaborative R&D projects with a wide range of organizations in the former Soviet Union through the US Department of State, Office of Nonproliferation of Weapons of Mass Destruction. In 2006, after 10 years of running around the world, he returned to the laboratory to develop novel structural adhesives. His areas of interest include interpenetrating polymer networks, morphology development and control and polymer synthesis (if it's not too complicated).

Nominate a High School Teacher

SAMPE has agreed to sponsor 2 High School teachers from the Seattle area to attend the SAMPE 2010 International Conference in May 2010. If you have a High School Science Teacher you would like to nominate, please contact a member of the SAMPE Board. Additional information can be found on our website at www.sampeseattle.org.

2010-2011 Officers – We are accepting nominations for SAMPE Officers for the 2010-2011 Term to begin on 1 July. Please contact [Karl Nelson](#) if you would like to make a nomination. Nominations can also be made at our March meeting. Ballots will be emailed out at the end of March.

Puget Sound Materials Expo – Thank you to everyone who attended the PSME this year. We had our highest attendance ever! If you have comments on the event or suggestions for next year, please contact the Board at seattlesampe@hotmail.com.

Graduates of the Last Decade (GOLD)

SAMPE GOLD is looking for younger engineers interested in networking and socializing with other young professionals in engineering. To learn more about GOLD, please contact [Anthony Nguyen](#).

Puget Sound Engineering Council – PSEC

PSEC coordinates a lot of educational outreach activities throughout the year at high schools and the local colleges to promote engineering to the next generation. We are looking for a SAMPE member who would coordinate SAMPE involvement in these outreach activities. If interested, please contact our PSEC rep, [Mike Kinsella](#).

Mark your Calendars

6 April 2010 – Highline Community College Mentor Night, 6-8pm. Please contact [Mike Kinsella](#) if you would like to volunteer to man a SAMPE table at this event.

26 April 2010 – SAMPE Student Night at the University of Washington on the waterfront. Come to support our Student Chapters and see what they are doing.

17-20 May – SAMPE '10 International Conference – Washington State Convention Center. Please support this conference this year in Seattle. Go to [SAMPE'10](#) to register for conference or tutorials, volunteer, or sign up for a badge for the free exhibits. **Register by 15 March to receive the early-bird discount.**
