sampe
Seattle Chapter

October 20, 2026

SAMPE Seattle Sponsors and Friends:

The Seattle Chapter remains one of the strongest and most active chapters nationwide! Our chapter has continued to organize monthly events, including technical presentations, tours, social and networking opportunities, student outreach activities, and awarded scholarships. We look forward to more events this year!

We have an exciting 2027 planned with interesting technical programs, joint event with ASM in January, PSME on February 16th, SAMPE Student Night in April, Crab Feed in July, the Annual Golf Championship in September, and a holiday party in early December.

In addition to underwriting the Seattle Chapter costs, sponsorship fees are used to support our student chapters: Western Washington University, University of Washington, Washington State University, Oregon State University, Gonzaga University, Bellingham Technical College, and Edmonds College. The Seattle Chapter has more student participation than any other chapter in the nation.

The SAMPE Seattle Chapter is fortunate to have a strong backing from our sponsors. Sponsors provide both a financial resource as well as diversity to our organization. We ask our current sponsors to continue supporting our chapter activities during 2027. We also invite anyone interested in sponsorship of the Seattle Chapter to consider the benefits:

- Your company advertisement will appear in the nine issues of the Seattle Chapter newsletter. Our newsletter is distributed in a timely manner to all chapter members, sponsors, and interested parties.
- Sponsors may choose to have a tabletop display at the annual Puget Sound Materials Expo (PSME) to be held **February 16, 2027,** at the **Museum of Flight** in Seattle, WA. In 2026, there were 17 exhibitors and over 150 visitors.
- Your company will be listed as a sponsor on our chapter web page, www.sampeseattle.org. A banner and your company web link will be displayed.

Your response by **February 1, 2027** will be much appreciated.

If you have any questions or need further information, please contact:
